BLEND-INS PROVIDE ENDLESS VERSATILITY

Use alone or layer with other HALOCOUTURE extension methods to extend length, add volume, and enhance color.

When Used Alone

Small 1"

Fill in targeted areas, extend shorter layered haircuts, or add volume around the temples.

Medium 4"

Add volume and/or extend length around the nape and closer to the crown area.

Large 5"

Add volume and/or extend length for maximum coverage at the back of the head.

When Layered with a HALO

Small 1"

Fill in targeted areas, extend shorter layered haircuts, or add volume around the temples.

Medium 4"

Blend shorter hair and/or extend length around the nape and crown area.

Large 5"

Blend shorter hair, add volume and/or extend length for maximum coverage in the back of the head.

When Layered with Other Methods

Small 1"

Fill in targeted areas, extend shorter layered haircuts, or add volume around the temples.

Medium & Large 4" - 5"

Fall: Place slightly underneath the topper to blend the natural hair's shorter layers with the length of the weft.

Other Methods (including The Fall): Place at the back and sides of the head for added volume and/or length.
